

Fast. Easy. Accurate.

WELLNESS CONNECTED WIRELESS ACTIVITY MONITOR XL-20

The XL-20 Wireless Activity Monitor is much more than a pedometer.

The Wellness Connected™ Wireless Activity Monitor helps provide you with a complete record of your activity. It's easy – just clip it on your shoe and go! Automatically tracks distance, activity time, and steps. Calculates calories burned. Comes in a matte black,

unobtrusive shell. Track your daily activity with the Wellness Connected Online Service right on your home computer. View your daily, weekly or monthly activity levels and compare it against your personal goals to keep you moving towards better health! No buttons to press, your activity data is automatically uploaded to any computer.

- **Wireless Connectivity** – Using patented wireless technology your daily, weekly or monthly activity levels will be effortlessly transmitted to your computer.
- **Cloud Computing** – Your data is stored in the cloud, meaning you can access it from anywhere you need with an internet connection!
- **Easy to Use** – Just clip on your shoe and go!
- **No Buttons to Push** – Access all results from the ease of your computer.
- **Battery Included** – Uses a standard CR2032 battery available anywhere batteries are sold.

The Wellness Connected XL-20 Activity Monitor is one of the most technologically advanced activity monitors available today. Designed for ease of use and accuracy, the XL-20 will effortlessly integrate activity into your daily wellness regimen.
